## THE TEAM

These are the men and women that made this mission trip and building up of the church in Dani possible. From every single walk of life we came together for the glory of God. This was not an easy feat in the least but we serve a mighty God and go where we are called.

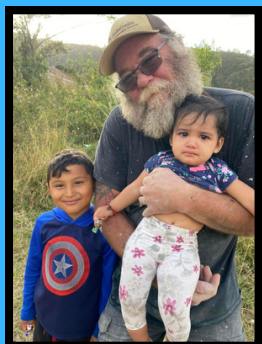

## OUR BRIDGE

This young man named Oliver Alfredo took the time to become our "bridge" in our language barrier. Through his willingness and commitment we were able to reach out to this woman. Oliver made the trip to where she obtained her water and carried it for her the entire way back to her village all while sharing the Gospel and fellow shipping with her. We are so incredibly thankful for this man.

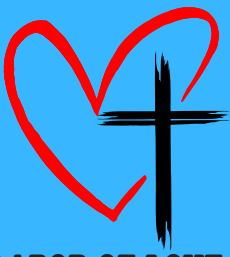

## THE CHILDREN

After some conversation with their Father and convincing with candy, we were able to meet these beautiful children. We had the opportunity to spend some time with them and tell them about the goodness of God. "The Spirit Himself testifies with our spirit that we are children of God". Rom. 8:16

The opportunity to aid the Macedonian Builders in this trip to Honduras was incredibly eye-opening and humbling. Though in coming back home we are left with a conviction that the Lord has placed us exactly where we are for a reason. Missionary work is not just overseas trips or voyages in third-world countries. Being mission-minded begins in the heart and being sensitive to what the Lord stands for. There is mission work to do right here, right now, right where we have been placed.
